MILESTONES

A BRIGHTER FUTURE FOR INDONESIA.

Our story began back in 2017, with coal shipping, trading, and sportstainment. Since then, our progress has outstripped all expectations. Fueled by the synergy of youth and experience, our team continues to go from strength to strength.

THE FOUNDING STORY

The foundation of every business is belief. Starting from 2017, we set off together on a journey of discovery into the coal trading business, as a small team with big ambitions. We believed in ourselves, and embraced the trust our customers placed in us. From that day until today, we've stayed true to these principles.

We keep striving to meet and exceed customer expectations. We do this through the quality of our products, the timeliness of our shipments, the competitiveness of our prices and the reliability of our brand. Building on our strong foundation, we've expanded into shipping, insurance brokering, mining, and sportstainment .

All over Indonesia, customers know DAIDAN is a name they can trust. The name itself comes from a Japanese word meaning 'team'. Over the years, as our operations have diversified, this team has expanded into new areas nationwide, and grown into a family.

Together, we're committed to building a brighter future for Indonesia.
